## Qualitative

What are the most valuable aspects of this course? -
<ul style="list-style-type: none"> <li>the emphasis on primary sources--I would much rather read the Vedas than read about them</li> <li>The lessons and texts work very well together. I enjoyed the content of the class an extreme amount and the subjects that we focused on were exceptionally interesting. Dr. Wells is extremely enthusiastic in class and he is easy to listen to and understand.</li> <li>The course is very interesting. The instructor is very knowledgeable about the topic.</li> <li>This course allows students to be introduced to religious and spiritual concepts in Asia that may be foreign to the Western mind, and to do so in a way that is accessible and easy to understand.</li> <li>Because it is so different it is easy to gain interest in and you want to do good in it</li> <li>This course is one of the few courses that offers insight on religions other than Christianity. It has begun the process of expanding the religion department at Emory &amp; Henry.</li> <li>Learning the history, origin, and foundation of different Asian religions was very valuable. I learned a lot that I did not expect to learn, but it was all very interesting. It broadened my knowledge on different religions and gave me a better understanding of in-depth concepts. Also, I like how we went over the texts every day in class. It helped solidify and explain some of the readings.</li> <li>Gives an insight to cultures of others</li> </ul>

What are the least valuable aspects of this course? -
<ul style="list-style-type: none"> <li>none</li> <li>The immense amount of reading which in return caused a negative effect because there was too much to cover in each sitting.</li> <li>very few assignments which leads to few grades</li> <li>There is a lot of information to cover in one semester.</li> <li>Honestly, I don't like Moodle that much.</li> </ul>

What are some ways in which this course could be improved? -
<ul style="list-style-type: none"> <li>As with any survey class, there is simply too much material to be covered in one semester. Providing a small array of classes on Asian religions might be a better way to give the topic proper treatment.</li> <li>Just add little assignment</li> <li>This course was majorly a lecture course and therefore I felt as if the discussion part was lacking. When discussion was offered it was seldom taken because students were not use to having discussion and also there was a lack of reading.</li> <li>none</li> </ul>

Please provide other comments you would like to make regarding this course. -
<ul style="list-style-type: none"> <li>I'm glad I took this course, because I truly did learn a lot. I have been recommending it to others.</li> <li>I did enjoy the course overall but I wish that the reading was a tad bit shorter and topics could majorly be covered.</li> <li>Course was great!</li> <li>I have really enjoyed it.</li> </ul>
